BUREAU OF LOCAL GOVERNMENT DEVELOPMENT

Performance Challenge Fund (PCF) 2nd Quarter Progress Report for CY 2015

Summary:

The Department of the Interior and Local Government (DILG) has been implementing the Performance Challenge Fund (PCF) since 2010. Essentially, PCF aims to recognize good governance performance among LGUs and foster the alignment of the local development initiatives with the national goals and priorities. It further encourages LGUs to put a premium on performance in order for them to avail of the financial subsidy they could use to jumpstart and sustain projects that geared towards the achievement of the Millennium Development Goals, Maintain Core Road Network to boost tourism and local economic development, comply with the Ecological Solid Waste Management Act of 2000, comply with the Philippine Disaster Risk Reduction Management Act of 2010 and promote transparency and accountability in all government transactions.

For more than 5 years of implementation, starting from its pilot stage during 2010 up to the current Calendar Year of 2015, the Bureau of Local Government Development (BLGD) thru its Project Management Team has been implementing and monitoring more than two thousand PCF-funded projects nationwide. A total of two thousand sixty-eight (2068) approved PCF projects were registered in the PCF Portal (pcf.dilg.gov.ph) as of 15 June 2015. Out of the two thousand sixty-eight (2068) PCF projects, there are one thousand seven hundred forty-nine (1749) completed projects, one-hundred sixty-four (164) projects that are still on-going and one hundred fifty-five (155) projects which are still pending and complying on the documentary requirements of PCF. (See Table 3)

For the category of the projects as to Millennium Development Goal (MDG), Local Economic Development (LED), Environmental Solid Waste Management (ESWM) and Disaster Risk Reduction Management (DRRM), there are six hundred ninety-seven (697) MDG projects, one thousand forty (1040) LED projects, two hundred thirty (230) ESWM projects and one hundred one (101) DRRM projects. (See Table 4 and Fig. 1)

Moreover, the 2015 Performance Challenge Fund (PCF) amounting to **ONE BILLION PESOS (P1, 000, 000, 000.00)** has not been fully utilized. The official awarding ceremony of the 2015 Seal of Good Local Governance (SGLG) awardees are yet to be scheduled, thus pending the release of the PCF subsidies for these qualified LGUs. The incentive which will be given to them

has also been scaled up from P1 million into three P3 million for Municipalities, P3 million into P5 million for Cities and same P7 million for Provinces.

Furthermore, it has been elucidated as well in our previous report that we are going to subsidize the 248 1st class LGUs (28 provinces, 27 cities and 193 municipalities) who are consistent GFH passers for two consecutive assessment years (2012 SGH and 2014 SGLG-GFH) through the PCF 2014 amounting to **FOUR HUNDRED SEVENTY MILLION (P470, 000, 000.00) PESOS**. Hence, a memorandum was issued informing our DILG Regional Offices about the Sub-allotment Release Order (SARO) of the Performance Challenge Fund (PCF) as subsidy to the qualified recipient LGUs, broken down in Table 1. The request sub-allotment was charged against Special Allotment Release Order (SARO-BMB-D-15-0003826) dated March 30, 2015 for the Performance Based Challenge Fund for Local Government Units per FY 2014 GAA, RA 10633.
